Narrator: Are you facing a tough decision? Here's discover God, today, with Gregg Harris.

Gregg: One of the most comforting truths about God is that He directs our lives. When you talk to most people about their lives, they are consumed with where they're going, how they're going to get there, and whether or not they are going to make it. To be honest, most people are pretty stressed out about this aspect of their lives. But as a follower of Christ, you have the creator and the Lord of the Universe as your director and guide. What could be better than that?

Take a moment to really let this sink in. The all powerful, all knowing, wise and loving God has a plan for your life. And if you're willing to submit yourself to that plan, you can rest assured that He will direct your steps. I have seen God's leadership in my life in so many times, and in so many ways.

I remember one of the scariest decisions I ever made in my life was to leave my career, enroll in seminary, and prepare for vocational ministry. There were so many questions in my mind at that time: How would I have enough money to live on? What kind of ministry did God want me to do? Was I going to be a missionary or a pastor? Where in the world was going to end up? Well, basically I had no answers to any of these questions. But over the next three years, God showed me how much he wanted to take care of me and guide me.

I don't know about you, but I really need to be reminded of this truth. It amazes me how easily I can get off course, start trying to take control and get stressed out about where I'm going. But we have a loving father who wants to direct our every step. The more you grasp this, the more peace you will have. It will literally change your world.

Narrator: God is there to direct your steps. To find out more about the all-knowing God, log on today to DiscoverGod.com, and sign up for the daily email devotional. DiscoverGod.com. Because your view of God does matter.
