Wednesday - 2

Praise the Lord for the communication capabilities that computers have brought to oppressed countries like Vietnam. Many who listen to FEBC's *Nguon Song Radio* programs over the Internet are able to respond by e-mail without the threat of persecution. Pray that God will broaden the scope and audience of these broadcasts.

Thursday - 3

"Our church includes 2 tribal groups, and we also have Vietnamese services. I want to thank you for your radio outreach program throughout this past year. I always receive new strength from God when I listen and learn the lessons from your programs. May God continue to watch over you and bless your broadcasts so you will sow and reap His harvest abundantly." - Praise e-mailed from a Vietnamese listener

Friday - 4

Pray for FEBC programming for Vietnamese women. One listener e-mailed: "Dear *Nguon Song Radio*, I just want to thank you for sending me Bible study materials on Women of the Bible. I used them in our church's women's group and received much encouragement from them. Thank you for your concern. May God bless you abundantly as you continue to be effective for Him."

A young factory worker recently called FEBCambodia to say that the programs encouraged him in times of trouble and discouragement in his work—and caused him to change many of his ways. He was referred to a nearby church, which gave him their last available Bible! He later called to say how happy he was to go to church. The staff says, "Thank the Lord for using radio to touch this young man. Pray that he will grow in his desire to seek God and learn from Him."

Wednesday - 16

Feba's Programming Consultant Tony Ford notes that India's economy is thriving and people can now afford mobile phones, computers, Internet access and entertainment. He says, "The resurgence of FM radio in major cities and the continued growth of television means Feba-India faces many competitors for listeners' attention and must find new ways to reach people who have turned away from shortwave." Pray for wisdom and guidance for India's National Director C. A. Benjamin, and for inspiration and creativity for Feba's program producers.

Please pray for the team's 6 full-time and 5 part-time workers who work long hours daily, and for more personnel in the next couple of years. Pray that God will bless and encourage Director Keiko Yoshizaki and her staff, and that He will keep them healthy and strong.

Saturday - 19

Since a large number of ‘competing’ non-profit organizations now exist in Japan, it’s a challenge to raise the funds needed to support the radio ministry. Pray that God will bless FEBC-Japan’s efforts to raise awareness and increase funding for their vital work.

Sunday - 20

Praise God for the 3,449 e-mails FEBC-Japan received from listeners last year... and for their commitment to answer all letters and e-mails! Pray for wisdom and compassion as they respond to people struggling with issues related to the spiritual vacuum in Japanese society: mental disorders, isolation, suicidal tendencies, abuse, phobias and other problems. Pray also that God will supply more helpers to do this significant follow-up work.

FEBC-Mongolia’s WIND FM radio ministry has been a presence in the capital city of Ulaanbaatar for only 7 years, yet has consistently ranked among the city’s top radio stations since its inception. Their holistic programming approach goes by the acronym WELL, which stands for Wisdom, Evangelism, Lifestyle and Leadership. Please pray for director Batjargal Tuvshintsengel and his young staff of 30, who are mainly journalists, on-air personnel, and producers.

From FEBC-Mongolia: “We praise God for the many workers from Finland who have been involved with the construction of the new facilities since the beginning. They have volunteered many hours and contributed in many ways to this project. We give thanks to our God for them.”

Wednesday - 30

“I’m 25 years old. I became disabled when I was two...and I’ve been in a wheelchair ever since. We have a large family of 10, and I was often overlooked—which eventually led me to life on the streets. I listened to the program *Lifesaver* last year and heard a pastor talk about loneliness. I called the station to share my life story but could not talk because I was weeping uncontrollably. My call was routed to the pastor, who later took me to his church... where I gave my heart to Christ! The most amazing thing is that ever since I began going to church my legs (which used to be numb) now have feeling—and I have moved from a wheelchair to crutches.” Praise God for His miraculous grace and mercy in this Mongolian listener’s life!
